3) When the Room pops up, allow access to the computer camera and microphone.

To ensure that the room works correctly:

- 1) Allow Rooms access to your camera and microphone. On all devices you should be asked, but if not go to Settings --> Facebook and allow access to the microphone and camera. To use Rooms, you must have a camera and microphone on your computer or mobile device. If you do not, please let us know and we may be able to supply one
- 2) When you're not talking, use the mute button to make sure that there are not unnecessary interruptions
- 3) Arrive early, especially the first couple of weeks! Please log on early so that technical issues can be resolved without using class time
